GAME RULES

1. Choose a challenge.

2. Fit the 5 puzzle pieces on the game board, making sure the penguins are in the same positions indicated in the challenge.

   - The shape of each puzzle piece can be changed by sliding the parts up and down!
   - When the challenge shows fewer than 5 penguins, the other penguins can be placed anywhere on the game board.
   - All puzzle pieces must be used, without overlapping each other or the border of the game board.
   - The penguins can face any direction; you only need to pay attention to the position of each penguin on the game board.
   - At STARTER/JUNIOR/EXPERT level you are given the shape and the position of one or more puzzle pieces to help you get started.

3. There is only one correct solution. You can find all the solutions at the back of the challenge booklet.
